Weekly Vegetable Membership: *24 boxes, delivered weekly mid-May-October. \$650*

This share will give you the full season experience from early spring through our peak summer season and concludes with our fall season selections. The weekly share is the most economical option per box and is perfect for families who prioritize healthy eating and home cooking.

Every-Other-Week Membership: *12 boxes, delivered every-other-week from mid-May-October. \$325*

This share includes the same seasonal selections we pack in the weekly box, but delivered every-other-week. This membership is great for individuals, couples or families who want to experience the full season, but need less produce.

Peak Season Membership: *10 boxes, delivered weekly from June 13th-August 15th. \$350*

This shorter season share features summer produce grown during the peak of our season. Weekly value of this box can range between \$40-\$50. Box contents include our most valuable and greatest quantities of summer favorites: green beans, cucumbers, zucchini and squash, sweet peppers, tomatoes, cherry tomatoes, melons, onions, potatoes and more.

Flex Membership: 10 boxes delivered mid-May-October on weeks of your choice. **\$350**

This membership allows you to choose which weeks you want to receive a delivery. This is a popular selection for members in smaller households or those that travel frequently for work or summer vacations. A delivery calendar will be emailed to you to select preliminary delivery dates. You will be able to make changes to your schedule throughout the season as long as you let us know by noon on Tuesday of the week of the change.

Egg Share Membership: *a dozen eggs delivered every week or every other week based on your CSA membership--\$140 for 24 weeks; or \$70 for 12 weeks. Available only to those purchasing a vegetable CSA membership.* Our members have been clamoring for an egg option for years and we are finally happy to announce that we are partnering with Papa's Pasture out of Staunton, IL in 2017 to provide eggs for our CSA members. Papa's Pasture chickens are raised to the same high standards we hold for our own: pasture based, non-GMO feed, soy-free and locally milled. Their eggs are high quality with dark yellow yolks. You can choose to get a dozen every week or every other week.

Preserving Share: Available only to those purchasing a vegetable CSA membership. Each vegetable quantity listed is \$35. We have preserving quantities of a few vegetables available during the growing season. Please be prepared for an email during the time frame listed for each vegetable to coordinate. *By purchasing these quantities upfront, we are able to plan and prioritize growing them for each customer. If we are unable to fulfill your order, we will issue a refund. Indicate your selections below by checking in front of each item. Each item is \$35.*
